In accordance with regulations and the delegated authority provided in Title 36, Code of Federal Regulations ("36 CFR"), Chapter 1, Parts 1-7, authorized by Title 16 United States Code, Section 3, the following provisions apply to all lands and waters administered by the National Park Service, within the boundaries of Weir Farm National Historic Site. Unless otherwise stated, these regulatory provisions apply in addition to the requirements contained in 36 CFR, Chapter 1, Parts 1-7.

Written determinations, which explain the reasoning behind the Superintendent's use of discretionary authority, as required by Section 1.5(c), appear in this document identified by italicized print.

36 CFR §1.5 – VISITING HOURS, PUBLIC USE LIMITS, CLOSURES, AND AREA DESIGNATIONS FOR SPECIFIC USE OR ACTIVITIES

(a)(1) The following visiting hours and public use limits are established for all or for the listed portions of the Park, and the following closures are established for all or a portion of the Park to all public use or to a certain use or activity:

Visiting Hours:

All Park areas, not otherwise closed to public use, will be open to public use according to a schedule of visiting hours which vary seasonally, as follows:

The Park's grounds are open from sunrise to sunset every day.

The Visitor Center is open from 10:00am to 4:00pm – Thursday through Sunday, April 1 to December 1.

All public buildings are closed in observance of the following federal holidays: New Year's Day (January 1), Thanksgiving Day, and Christmas Day (December 25).

Guided tours of Weir Farm National Historic Site (Weir House) are offered at 11:00am, 1:00, 2:00 and 3:00pm, Thursday through Sunday, April 1 to December 1, and Closed on January 1st, Thanksgiving Day and December 25th.

Administration offices are open from 8:00am to 5:00pm, Monday through Friday, year round. Administration offices are CLOSED on federal holidays.

Entering or Remaining in the park outside of posted hours is prohibited.

The park, or portions of the park, may be closed at any time for emergency or security reasons in order to protect the welfare of staff and visitors.

Determination: The above visiting hours are based upon a determination that such hours are necessary for the maintenance of public health and safety, the protection of natural and cultural resources, and the implementation of management responsibilities.

Public Use Limits:

All areas of the Park, not otherwise closed to public use, will be open to public use with the following limits that are deemed necessary for safety, security, and resource protection:

Any or all areas may be closed to public use or a special use permit may be cancelled at the discretion of the superintendent or his/her designee when an emergency or potentially hazardous condition exists.

To provide for public safety, all persons and vehicles entering the park are subject to search for explosive or terrorist devices or illegal weapons.

The above public use limits are based upon a determination that such limits are necessary for the maintenance of public health and safety.

The maximum Park capacity shall not exceed 500 visitors at any one time except at the discretion of the Superintendent or his/her designee.

The Park is located in a residential area off of very narrow and winding roads and has limited Parking capacity. The designated Parking area can only hold 18 vehicles and the surrounding fields can only hold an additional 40 vehicles. Offsite Parking is required for large groups and special events that would exceed this onsite Parking capacity. Based on the size of the Park, the sensitivity of the resource and the landscape, the limited Parking capacity, and the other location factors, total visitor capacity of 500 at any one time is in the best interests of resource protection and public safety.

The Parking lot can only accommodate a maximum of 18 cars which includes one accessible Parking spot. There is no Park-related Parking on Nod Hill Road or Pelham Lane.

A maximum of 50 people can occupy the Burlingham Barn at any given time.

A maximum of 350 people can be accommodated in the garden terrace and field in front of the Visitor Center.

A maximum of 50 people can be accommodated in the Burlingham House Visitor Center.

A maximum of 40 people can be accommodated in the Weir House.

A maximum of 15 people can be accommodated in the Weir Studio.

A maximum of 15 people can be accommodated in the Young Studio.

A maximum of 50 people can be accommodated in the Weir Barn.

A maximum of 75 people can be accommodated in the Burlingham Barn

A maximum of 25 people can be accommodated in the Artist-in-Residence Studio.

A maximum of ____15____people can be accommodated in the Caretakers House.

No food or beverages are permitted in the Visitor Center (Gallery and Exhibit Areas, Young Studio, Weir Studio and Weir House (except existing kitchen space), 250 Old Branchville (Upstairs and gated areas).

Tours of the Weir House, Weir Studio and Young Studio can only be given to groups of 15 people or less at one time. Tours of the Weir House require same-day, in-person registration. Registration is first come, first served.

Determination: The historic building interior has small room sizes and hallways and allowing more people in the building without a reservation would threaten public safety, the historic and cultural resources of the Park, and the orderly management of the Park.

Groups arriving in 3 or more vehicles that wish to visit the Park must contact the Visitor Center in advance to make arrangements for their visit. Groups are limited to 5 vehicles during the week and 3 vehicles on the weekend. There are a limited number of Parking spaces available in the Parking lot. Once these spaces are filled, the Parking lot will be closed. The Parking lot cannot accommodate RVs, buses, or other large vehicles.

Permits are required for the use of a vessel in Weir Pond. See also 36 C.F.R. § 3.3 of this document.

Disorderly persons or groups may be removed from the Park and prevented from returning to the Park on the day they are removed.

One of the Park's primary missions is to provide a safe space to be used and enjoyed by the American people. Disorderly persons or groups who infringe on the use and enjoyment of other Park visitors or threaten the safety of themselves or other visitors will be removed from the Park. Additionally, disorderly activities that are incompatible with the operation of a museum are not permitted. One of the Park's primary missions is to preserve and protect the Park and its museum collections for future generations to enjoy and experience. Any activity that negatively impacts the Park's natural and cultural resources is not permitted. Accordingly the following activities are prohibited:

Closures:

The Park and all of its facilities, including visitor use of the grounds, is closed year-round between sunset and sunrise. No overnight parking or camping is permitted.

The following areas of the Park shall be, for safety and security purposes, closed to all public use:

- All construction areas
- Caretaker's House
- Artist-in-Residence Studio and back deck
- Maintenance Shop – Wire Mill
- Staff office areas
- Burlingham House Kitchen
- 250 Old Branchville
- All driveways

All or portions of the Park may be closed to the public when it is necessary to protect the public from unsafe conditions or to protect Park resources from irreversible damage. Signs will be posted to announce such temporary closures.

The park (other than the designated parking area) is closed to all motorized vehicles unless their operators have received appropriate authority from the Superintendent or his/her representative. This includes mopeds, scooters, and bikes operating under power of a motor. Handicapped visitors are authorized to use motorized wheelchairs or Segways on park paths and trails as needed.

RVs, campers, and vehicles with trailers are prohibited in the Park and cannot be accommodated.

Bicycles are prohibited within the park. All bicycles must be left at the parking lot or other location outside of the park.

- Marking out a playing field for playing organized baseball, football, soccer or similar recreational activities is prohibited, except if authorized by the Superintendent or his/her designee.

- Media Players, including radios, CD players, MP3 players, televisions, and computers may only be used with headphones. See also 36 CFR § 2.12(a)(1)(ii).

- Any other sport or activity that damage park resources or present public safety hazards*

- The use of Segway personal transporters and similar devices is permitted on all paved surfaces at speeds not exceeding a walking pace. Such mechanized transportation devices are not permitted inside buildings. Segway personal transportation devices are not designed, approved, or marketed as motorized wheelchairs, and are not considered such. Motorized wheelchairs are permitted.

-Camping is prohibited in the park. See also 36 CFR § 2.10 of this document.

Determination: These prohibitions were determined necessary to ensure visitor and staff safety and the preservation of the significant natural, cultural, and historical resources of the park. They are designed to fulfill the Park's mission and to allow for the maintenance and interpretation of its cultural landscape. These prohibited activities have been deemed dangerous to visitor safety and Park resources and/or incomputable with preservation maintenance.

-Launching, landing, or operating an unmanned aircraft from or on lands and waters administered by the National Park Service within the boundaries of Weir Farm National Historic Site is prohibited except as approved in writing by the superintendent.

Definition: The term "unmanned aircraft" means a device that is used or intended to be used for flight in the air without the possibility of direct human intervention from within or on the device, and the associated operational elements and components that are required for the pilot or system operator in command to operate or control the device (such as cameras, sensors, communication links). This term includes all types of devices that meet this definition (e.g. model airplanes, quadcopters, drones) that are used for any purpose, including recreation or commerce.

Determination: While park managers understand the benefits of limited use of unmanned aircraft systems (UAS) for research, for administrative use, and to provide for the public's safety and welfare, public use of UAS and remote controlled model aircraft for recreational purposes is not a compatible use based upon the purpose of the park's establishment, the protection of scenic values, noise, potential conflicts with wildlife, artists, children's groups, visitors expectation of a rural historic landscape and experience, potential conflict among visitor use activities, and intrusion on other visitor's enjoyment of the park.

(a)(2) The following designations, conditions, and/or restrictions are imposed on the following uses or activities:
